We all admire a man who says what he thinks—as long as he says it about other people.

Remember Pearl Harbor !

You shall know the Truth and the Truth shall make you free from the Usurers who planned and carried out the Pearl Harbor attack with the help of the U. S. General Staff and sacrificed needlessly human lives on Bataan, Iwo Jima, Normandy, etc.

FDR did. and all high politicians in the Democratic, Republican and Communist parties are working against the Republic to reduce this nation to the level of British subjects who, also, are becoming Soviet puppets.

The Cannibal is Jubilant

We Go On Record–

By DOROTHY DAY in the Catholic Worker

NEW YORK,— Mr. Truman was jubilant. President Truman. True man. What a strange name, come to think of it. We refer to Jesus Christ as true God and true Man. Truman is a true man of his time in that he was jubilant. He was not son of God, brother of Christ, brother of the Japanese, jubilanting as he did. He went from table to table on the cruiser which was bringing him home from the Big Three conference, telling the great news, "jubilant" the newspapers said. **Jubilate Deo.** We have killed 318,000 Japanese.

That is, we hope we have killed them, the Associated Press, page one, column one, of the Herald Tribune says. The effect is hoped for, not known. It is to be hoped they are vaporized, our Japanese brothers, scattered, men, women and babies, to the four winds, over the seven seas. Perhaps we will breathe their dust into our nostrils, feel them in the fog of New York on our faces, feel them in the rain on the hills of Easton.

Jubilate Deo. President Truman was jubilant. We have created. We have created destruction. We have created a new element, called Pluto. Nature had nothing to do with it.

"We have spent two billion on the greatest scientific gamble in history and won," said President Truman jubilantly.

The papers list the scientists (the murderers) who are credited with perfecting this new weapon.

Great Britain controls the supply of uranium ore, in Canada and Rhodesia. We are making the bombs. This new great force will be used for good, the scientists assure us. And then they wipe out a city of 318,000. This was good. The President was jubilant.

Yes, God is still in the picture. God is not mocked. Today, the day of this great news, God made a madman dance and talk, who had not spoken for twenty years. God sent a typhoon to damage the Carrier Hornet. God permitted a fog to obscure vision and a bomber crashed into the Empire State building. God permits these things. We have to remember it. We are held in God's hands, all of us, and President Truman too, and these scientists who have created death, but will use it for good. He, God, holds our life and our happiness, our sanity and our health; our lives are in his hands.

But our Lord Himself has already pronounced judgment on the atomic bomb. When James and John, (John the beloved) wished to call down fire from heaven on their enemies, Jesus said:

"You know not of what spirit you are. The Son of man came not to destroy souls but to save." He said also, "What you do unto the least of these my brethren, you do unto me."

Truman Gives Palestine to Jews

There is a great service President Truman can do for the Jews, the Russians, for Europe and the world in general. There are hundreds of thousands of refugee Jews stranded in Europe and the USA, as well as countries in South America and elsewhere. These Jews are **Russian Jews, Mongolian Jews NOT WANTED BY STALIN.**

Since Stalin has a law in his "republic" that makes it a criminal offense to say a bad word about Jews, Truman ought to point to this law and make Stalin take back his refugees.

There is agitation to displace the Arabs and give their Palestine to the Russian Jews. Two wrongs don't make a right. Those Jews in Germany and elsewhere **never stemmed from Palestine.** They are Ashkenazim, that is descendants of Mongolian tribes in the Crimea, the Carpathians, as far west as Poland and Prussia. For **a long time they,** as Khozars, even were the **rulers of other countries, the Balkans included.** Bulgaria is a Khozar colony. When the Russian orthodox church became the ruling church, the Jews were ostracised. They migrated, but **those Jews had never lived in Palestine.** Their forebears had been Mongols of Crimea and the aforementioned districts from the Ural to Danzig. they are RUSSIAN subjects, they are Asiatic Mongols, converted to Judaism, not Palestine Jews chased out by the Romans, after they crucified the Christ.

Hence **THEIR COUNTRY** is Russia, that belt from the Black Sea to the Baltic, from Yalta to Danzig, (from Danzig to Yalta FDR fought for the Jews.) But now that "the war is won" Stalin refuses to accept his Jews and Truman insists that the Arabs be displaced to give their Palestine to the Jews of Russia .

Let Truman study history, **let Baruch give him the facts,** and let's give the Jewish Russian belt back to the Jews. They and Stalin can fight it out among themselves and if Stalin says one word against them they can have him shot according to Soviet law.

How Bernie Baruch Rules the USA

Bernadr Mannes Baruch, son of Dr. Simon Baruch, an Ashkenaz Jew from Prussia, and of Belle Wolfe, a descendant of Portuguese Sephardic planters, was born on the 19th of August, 1870, in Camden. His mother went to a phrenologist who advised, after examining the bumps in the boy's head, to train him for business. He started out at $3 a weeek with a wholesale glassware firm and then advanced to $5 with A. A. Houseman & Co., of New York, brokers.

In the brokerage firm Baruch learned the folly of working for wages and the profit of working other people. But in order not to gamble, he decided to find out the facts first, exploit the ignorance of the rest of the world and play the market upon the results of his fact finding investigations. So he never bought a stock without first having his paid investigators find out all about the assets of the firm, its management, personnel, business methods, etc. Then he took a flier and generally his investigation proved profitable. Hence his motto is **GET THE FACTS.** At 32 he had $3,200,000.

When Woodrow Wilson became president and his professorial mind needed facts to go by, Baruch became the natural collaborator. With the prestige of the presidency behind him, soon Baruch's investigators became the chief secret service spies of the nation and Baruch influenced Wilson to become more interested in international affairs, of the world. Being a Jew, Baruch's success and use of the world spy net of the B'nai B'rith secret and confidential reports helped to check up on his own facts and soon this Jewish net of spies controlled the inner politics in the White House.

Even now, reports Russell Maloney in the October number of Coronet, the "payroll for private investigators runs to more than $3,000 per week". That's what it costs this multimillionaire weekly to rule the USA.

Baruch is the inventor of the totalitarian "war effort", the new Idol which the German General Staff copied from the USA records after 1918 and Hitler inroduced as the supreme Nazi doctrine. Baruch is the father of the NRA and every war-crime in the calendar is the logical application of Baruch's theories that to achieve one's ends, everything else must be subordinated to it, God, our children and the Ten Commandments included. But nobody is calling the daddy of Nazism to answer to a people's court. He still rules supreme in American politics and the world cartel of International Pirates.

Jews Hate Free Press

Dear Mr. de Aryan:

As a typical sample of Jewish Refugee insolence, repeatedly manifested toward old time citizens of the land that has given them shelter, I submit for publication, together with my reply thereto, the enclosed attack made upon my Yorkville newspaper store, in the Jewish Refugee weekly newspaper "Aufbau" of September 28, 1945. Principally, because of my inclusion of the "Broom" among papers sold by me, and because of the eagerness with which the "Broom" is purchased by my customers by reason of certain articles which have recently appeared therein.

It is perhaps needless to say that up to the present time publication of my answer, personally delivered at the office of the "Aufbau", has been refused by these Jewish pleaders for a United States policy of absurd favoritism toward themsevles and their ideas, coupled with equally absurd denial of even plain justice to the uncircumcised!

This attack upon the "Broom" and myself manifestly defeats its own purpose by reason of the obviousness of the malice which inspires it. It is nevertheless of general public interest as a warning to all true American citizens of the present day fulfilling of the prophecy attributed to Benjamin Franklin. This is a proof of the utter lack of understanding on the part of these refugees— and of many Jews long enough resident in the United States to furnish them with more exact knowledge—of those basic virtues of Fair Play and Free Speech which constitute the essential principles of this Republic. They are so viciously abusing our hospitality by their hypocritical denial to others of the most elementary freedom of self-defense; while for themselves, they demand uninhibited freedom of offensive conduct toward others.

Do these people imagine that they are protected by a sort of Gyges' ring which renders their hypocrisy invisible to the victims of their malice?

We might well inquire upon what meat of self-deception these Ceasars have fed that they have acquired the collosal impudence implied in their prompt assumption of the role of critics of the institutions of this fair land upon whose shores they have so recently been cast up from a sea of disturbances so largely created by themselves. We are well acquainted by this time, with the long Jewish record of self-pitying readiness to squeal long before being actually smitten by blows which their own misconduct has invited—a readiness which naturally leads on to the attributing to others of selfish motivations of which they are themselves so manifestly guilty.

Sincerely, EUGENE BRAND

Nazi Propaganda in Yorkville

HEADQUARTERS A NEWSPAPER STORE

From the "AUFBAU" September 28, 1945

There is a small store in the heart of Yorkville, on East 86th Street between Second and Third Avenue. Three steps lead to the store which is unpretentious and not inviting one's curiosity. Outside is a small stand with English and German newspapers, in the window harmless postals, calendars, office utensils etc.

The interior of the store presents the same harmless appearance. The Proprietor, a bald-headed man scrutinizes his customers carefully. Formerly he sold to anybody asking for it the "Weckruf and Beobachter", Coughlin's "Social Justice" or Pelley's "Roll Call".

Nowadays he sells the weekly hate paper "The Broom", of Leon de Aryan, published in San Diego, California.

The latest "seller" in the small store is an ordinary yellow pencil, which like any other pencil costs 5 cents. Looking closer one notes the inscription on that pencil:

"Jew money (plus) Jew Deal (plus) New Deal (equals) War" and below the name of the man who distributes these poisonous pencils: Lee R. Finehout, Indianapolis, Ind., who was formerly a member of Pelley's Silver Shirts.

The pencil which is sold by the bald-headed man to unsuspecting mothers to be used by their children in school, is also sometimes given away gratis to customers on the "in".

The Non-Sectarian Anti-Nazi League has been informed that to such customers is also often given a small bundle anti-Semitic literature, such as:

"Frankfurter on the White House", a pamphlet by the Jew Henry H. Klein;

"Dispatch" and "Uncio Unmasked", a pamphlet by Homer Maertz, a former member of the Silver Shirts, who demanded the deportation of all Jews on occasion of a meeting held last year by Gerald L. K. Smith's "America First Party";

"Forty Years of Roosevelt" by T. W. Hughes, founder of the "League to Save America First"; which was allied with the German-American Bund;

"The Refugee Invasion of America through Immigration" a pamphlet which protests against Jewish Refugees, published by the "Hoosier Patriot" in Hammond, Ind.

Reply to the "AUFBAU"

Many good German-Americans live in the heart of Yorkville, who are not radicals, socialists or communists .

ALL newspapers are sold in the little newspaper store on 86th St., between Second and Third Avenue, among others also the Jewish "Aufbau", the communist "Daily Worker" and the conservative "Herald Tribune".

Newspaper readers of Yorkville want to know the truth just as many Americans do anywhere else in America. The people of Yorkville are fed up with the collosal lying propaganda.

The owner of the little newspaper store is not a rich man as are the propagandists of the "Aufbau". He cannot afford to give away free pencils.

He has always endeavored to be honest—which it appears the writer of that article in the "Aufbau" does not aspire to be.

All newspapers and pamphlets mentioned in the article in the "Aufbau" are written by patriotic Americans who have become conscious of the dilemma caused by the invasion of Jewish refugees into this blessed land of ours.

If the writer of that article in the "Aufbau"—I understand he is a relative newcomer in this country—does not like my bald head, then I wish to inform him that I have lost my hair by pondering so much about the Jewish refugee problem in this country!

Rosenman Gets The Pound of Flesh

PURGE OF NAZIS BY EISENHOWER JOLTS GENERALS

BERLIN,—Lt. Gen Lucius D. Clay, representing the United States on the Berlin control council, nimbly side-stepped entering the controversary between Gen. Patton and Gen Eisenhower. Patton favors employing competent Germans even if they formerly were members of the Nazi party. Eisenhower has ordered every Hitlerite from any job except pick and shovel duties.

Clay, torn between friendship for the impetuous Patton and duty to his commander in chief, when asked: "Are you a soft peace man or a hard peace man?" replied with a frozen smile: "What do you think?"

Clay said 60,000 to 70,000 Nazis were under arrest in the American occupation zone and that the number would increase to 100,000.

BACK UP PATTON

He said every German industrialist or business man down to shop foreman who had belonged to the nazi party would be discharged in the purge now in progress.

Most of the 57 generals taking a camouflaged rest cure in Berlin are generally believed to have come to the same conclusion as Patton—that to get shattered Germany working and functioning again before starvation, frost, and epidemics decimated the population it was advisable to use efficient civilians to get the jobs done even if they had once belonged to Hitler's party.

Eisenhower's orders condemning six or seven party members to hard labor—stipulating the only work they could perform would be manual—jolted the 57 generals into firing their pet barbers, chefs, pretty secretaries, chambermaids, and waitresses.

"The decision (by Eisenhower) will postpone the organization of Germany and **lots of women and children will die this winter,"** said a colonel in the judge advocate's office, "but by spring I believe there will be easements just like the revision of the anti-fraternization orders."

REBUKED

We are reminded of a story of two East Side Jews who decided for business reasons to forsake their Jewish Talmudic religion and adopt Christianity. On an appointed day they proceeded to the nearest Christian Church. Teetering apprehensively on the threshold, Abie pushed Jake forward, "Gwan!" he mumbled. "You get converted first. Then I'll take my turn." After an interval, Jake returned, duly converted. Abie hastened to meet him, eager for details of the conversion but Jake stopped him short in his tracks. "Get away from me, you lousy kike," he declaimed! — Dispatch, Chicago.

Strikes, Crime, Aftermath of War

When Satan rules and God is relegated to a secondary position, merely to be prayed at and told by the Commander-in-Chief whom to bless and give victory, naturally, the Law of Right and Wrong is perverted. Tribal morality says that my gang is always right. Even though my gang loots, robs, rapes, murders the other gangs, we stick together, right or wrong, my country it is of thee, sweet land of libertines— —

But Right or Wrong are not subject to tribal morality and decisions by the Commanders-in-Chief and their tribal legislative bodies, U. S. Congress included. Right and Wrong is fixed by the Divine Rule of Creation, it is LAW, in itself; it needs no approval by any human agency. Any fool who supercedes the executive LAW, the operative LAW, the universal foundation of Right and Wrong pays for it.

When the Congress and the USA substituted the brutal power of militarism for the universal LAW of Right and Wrong; when the foreign policy of the State Dept., for generations past, was to inveigle Japan against China and vice versa, to benefit British, French and Dutch exploitation of the Asiatic natives; when the internal policy in the USA was to introduce cheap labor from the downtrodden countries of Europe and cheap Asiatic labor into California and the Pacific states, as well as cheap Mexican labor into all states; naturally, the stage was set for war I and II, as well as for the Communistic labor racket and gangsterism.

Right and Wrong is not determined by the Congress of the USA, the President, the Methodist Church, the WCTU or all the votes of the people. Right and Wrong is determined by the power which rules supreme, the atomic power which is the foundation of all material power, which holds the universe together physically and equally determines the moral LAW, the spiritual LAW of Righteousness. "Seek ye, therefore, FIRST to know THIS Rule of God and all these other things are added."

During the war we drafted the youth and the old and we told them to disregard moral precepts, intellectual integrity, the Golden Rule and God and the Ten Commandments altogether. We set up a new Idol; the holy and sacrosant **War-Effort.** Thus anything that kills others and profits us is right and heroic, anything that prevents us from killing others and profiting our holy Allies, is execrable, anathema, a war-crime. Thus we jailed all who stand with God and preferred all who are the most efficient murderers. Hence the atomic bomb, the crowning diadem of the new Idol: **War-Effort.**

But this doctrine of profiting at the expense of the rest of humanity, of profiting at the expense of the lives of our own children, this profit doctrine works both ways.

The labor racketeers were encouraged to profit, too. Every war contract was a labor racket contract, stipulating that the first payment for labor was to be made to the union treasury. Nobody could work who did not pay off.

And now the chickens have come home to roost.

The labor gang will not permit any reconversion unless they get paid off first. If the USA can get into hock to Rothschild-Rockefeller to the tune of 500 billions to re-establish the Dutch, French, Belgian and British colonial empires and start a new Russian world expansion, certainly the fool suckers in the USA can afford to support the labor racketeers in their war-accustomed style. The Townsend Planners, the Ham and Eggers, the Huey Long-Gerald Smithers, all these racketeers want their slice, too.

"Santa Claus to everybody not only to Rothschild-Rockefeller and Russia. You damned sucker, treat everybody alike. No reconversion! We shall call strikes!" is the order of the LABOR regime.

Slowly the moronic mind wakes up and realizes that RIGHT and WRONG is not an arbitrary standard, not a conventional standard, not a tribal standard, but is eternal. As fixed as the laws of atomic power and of mathematics. You cannot juggle them around, you must not violate them. As a warning the dead moon still winds its way around this planet earth to remind us what happened when its Commanders-in-Chief, its tribal counsels set themselves above the ETERNAL and used brute power, atomic power to displace the rule of God on the moon..

For God is Love, His Rule is the Golden Rule.

The Millmen and Teamster Strike

San Diego like so many cities is standing on the eve of a home construction boom. The housing shortage is terrific. Here is the best opportunity of putting accumulated savings to work to improve the community, to give work to thousands, to stabilize trade and exchange. One would imagine that organized Labor would be the first to perceive the advantages of work for its members. But, no.

The Newdeal, the war-effort, past and present, the large bond-issues, the syphoning of cash from the paychecks for Newdeal waste under the guise of "insurance" against unemployment reduces the pay check considerably in its "take home" money. Result, strikes for more money.

Labor has none but itself to blame for its reduced take home money. They wanted all those socialized trimmings for which the paychecks are tapped. FDR's croocked, politics found the best support among the dishonest labor leaders and this is the payoff.

Industry and the public is equally guilty. The murderlust, the desire of doing heroic deeds in blood, in insanity, in cruelty beyond conception, deadened every sense of Right and Responsibility. Thus instead of defending America and the American way of Life, every day of warfare undermined it. The accumulated taxes reduce the "take home" pay and also reduce the ability of industry to meet the strikers' demands. It even reduces the consumer's buying power who after all remains the scapegoat and paying guinea pig, for the public must fork over high prices as well as meet taxes.

How to Stop Anti-Semitism

Organized Jewry is raising a fund of several million dollars by creating hysteria among Jews and setting up strawmen whom they describe as bloodthirsty Jew-baiters bent on murdering Jews, etc. In the annual scare and smear campaign by which they extract blackmail from Jews, who by the way are afraid not to pay the blackmail lest they be blacklisted by the B'nai B'rith racketeers, Eddie Cantor signed his name this year to an epistle that again names William Dudley Pelley as a menace to decent Jews .

It so happens that Pelley and this writer were handcuffed together in the D. C. Jail and Asylum and we rode to the Courthouse in the Black Maria and then stayed in the bullpen among a flock of negroes where we had the first opportunity of getting acquainted even though we were charged with having conspired together in the city of Washington, D. C. to demoralize the armed forces where I had not been for nineteen years past.

And the first thing Pelley asked me was: **"why do you hate the Jews and why do they fight you, you used to support them?"**

Of course, I was taken aback, for I don't hate the Jews even though they are fighting me, doing all they can to destroy my paper, while I continue to present the facts as I see them. But the further conversation with Pelley elicited the fact that Pelley does not hate the Jews either but is merely defending himself and his people against Jewish encroachments.

The B'nai B'rith Messenger of Los Angeles had the following to say in an editorial:

DON'T FIGHT BIGOTRY

The Chicago Tribune has suddenly discovered the way to fight anti-Semitism. To sum up the McCormick ideal: "The way to fight bigotry is not to fight it." In an editorial early this month, the Chicago paper that has given more space to race-hate provocation than any other daily newspaper in the country, tells the Jews of America that it is useless to fight race hatred by logic because race-hatred is illogical. Then why try to raise large sums of money to fight anti-Semitism?

The reasoning faculty in human beings is not conditioned by blood or by heredity. It is primarily conditioned by environment and by instruction. Given the proper environment and the proper instruction, any irrationality may be straightened out. Even anti-Semitism and race hatred can be eradicated under the proper treatment, unless it is pathological, or profit and power seeking. Then more drastic methods must be used, surgery or war-fare.

JEWS NEED PROPER INSTRUCTION

We fully agree with the B. B. editorial statement that the reasoning faculty in human beings is not conditioned by blood or by heredity as much as by environment and by instruction. For this reason, then, integrity, intellectual integrity is the chief factor which must be cultivated in both Jew and Gentile if they are to do justice to the other and live as friends together.

And that's why we have anti-Semitism. Where is the integrity of the Jew and Gentile? Where is the intellectual integrity in this world? We don't make the mistake of charging the Jew exclusively with lack of integrity, we know too much of the law of KARMA not to realize that it takes two to produce a fight. Wherever there is an injustice and resultant suffering the victim and the malefactor have deliberately created the condition.

The victim had to learn not to trust the viper and the criminal lacked integrity by betraying the gullible rustic who took the viper to his bosom.

KARMA says that at each instant in LIFE **each reaps what he has sown. And ignorance is no excuse.**

Thus we notice that often the ignorant Gentile accepts the Jew as an equal only to discover that he is worsted in the deal. Then the ignorant Gentile adds another crime to his ignorance by treating the Jew brutally instead of thanking him for having taught the lesson of discrimination, so that next time he won't trustingly throw his pearls before swine.

What Eddie Cantor should do is raise several million dollars **to instruct the Jews in the value of intellectual integrity and in the practice of the GOLDEN RULE.** If Eddie Cantor will do that we offer to match him dollar for dollar by raising a fund among Gentiles to teach them to respect the Jew, who practices intellectual integrity and the Golden Rule, as our equal and admit him to all privileges of good society subject to the laws of good and common sense, which Jew and Gentile equally must respect and practice.

All the money in the world will not eliminate the ill will produced by Jews who are notorious for their treachery and sharp practices. As long as the Jewish religion teaches them with their mother's milk that they are a privileged people in the eyes of Jehovah and better than the rest of us, neither Eddie Cantor with all his millions nor the anti-Defamation League with all its paid spies and stoolpigeons is going to stem the atomic power that finally brings to the Jew exactly what he has sown: **anti-Semitism,** for the Jew is not privileged in the eyes of the Lord who is no respector of persons.

Peace Without Victory

By Fr. JOHN J. HUGO in The Catholic Worker

They are over at last. All these years of terrible death—of slaughter, rather. The end of the war, although bringing also fresh causes for sorrow, is reason for genuine thankfulness—quite apart from all the jingoistic glorying in victory.

Even so—for the cessation of hostilities we should be thankful.

But not for victory. Let us not thank God for that. National pride urges that we should; but then national pride has sung **Te Deums** for many victories that must have been odious to God. **Te Deums** were sung for the victories of Napoleon; they were later sung for the victories of the Prussian militarists. No doubt **Te Deums** were also sung for the victories of Hitler: would it not have been the "patriotic duty" of Catholics thus to give thanks?

It is the religion of militarism which believes God is with the big battalions. It is the same religion (proper to ancient barbarism and modern nationalism) which regards victory as the unfailing mark of divine favor.

To thank God for the victory is to claim God's approval of the victory. It is to assert that He willed the victory—not only permissively, as He wills evil, but positively and directly, as He wills good. It is also to assert that He approved and willed the means whereby the victory was won: flame throwers, jellied gasoline, burning oil to destroy enemies like rats in a hole, incendiary bombs, the terror bombing of civilans, the obliteration bombing of great cities, and, finally, the use of the atomic bomb, by which the war was so dramatically shortened and won. Did God positively will all these things? Is it not blasphemy to say so? Say, if you will, that God, permitting the evil, was able, by the magic of His providence and omnipotence to obtain good from it: that much is to be admitted, even affirmed. But that God directly willed and approved the horrible and cruel methods used to conduct and win this war, even when used, as allegedly, in a just cause—this is inadmissible; the very thought is an abomination. These horrors were of man's devising, and their use would be criminal in any cause.

A NATIONAL CRIME

Here, however, let us confine our attention to the atomic bomb. What is to be said of it? That its use against those Japanesse cities regardless of the pretense, was a great crime, surely the greatest crime ever committed against humanity by man. It was the culminating crime of that fierce and frantic nationalism that is rapidly making the earth uninhabitable.

Patriotism requires us rather to acknowledge the crime, to weep over it, to do penance for it. And so great a crime will require much penance, patriots! As long as there is crime, unrepented and even unacknowledged, on our national conscience, how can we hope for God to bless our country? And shall we be guilty of the further blasphemy of thanking God for our crimes as though they were His responsibility? Shall we demand that He approve them and claim His favor for them?

To do penance for the victory—that is, for the means whereby the victory was won— this would be more appropriate than thanksgiving for it.

Of course there are some , even Catholics, who see no evil in the use of the atomic bomb—who, in fact, look upon its use as good since it hastened the end of the war and saved many American lives. Such a view only reveals, however, how our consciences have been corrupted by war. There is no sound moral argument to justify the use of the atomic bomb: those ethical principles which are brought forth in the attempt to effect such a justification are revealed, upon examination, to be themselves immoral. The theological principle of double effect, which is used in times of war to justify the indirect and unintended killing of the innocent has no relevance where the deliberately intended effect is to kill non-combatants and terrorize an entire civilian population.

Yet, even as Truman spoke—remarked Dorothy Thompsom—his voice sounded hollow. Well it might. For his moral principle is the immoral principle which says that the end justifies the means.

So also the New York Times:

"By their own cruelty and treachery our enemies had invited the worst we could do to them."

This same crooked thinking was to be found among Catholics. For example, it was a Catholic editor who, seeking to resolve the doubt, and torn between "patriotism" and the statements of certain theologians who condemned the bomb, settled the matter in his own wind, and for his readers by the observation that critics of the atomic bomb seemed to forget that it was used in a just cause! Such is the ethics of nationalism.

TRIBAL MORALITY

Another argument used to defend the atomic bomb is traceable to what may be called tribal morality. This is the code found among barbarians and primitives, reappearing in modern militaristic nationalism. Its ethical teaching may be summarized in the axiom, "Love your friends, and hate your enemies.

"Whatever **we** do is necesarily right, for the sufficient reason that it is **we** who do it; and it is a crime for **them** to oppose us." By such a code you can of course provide a **moral (!)** defense for obliteration bombing, or atomic bombing.

Thus we were supposed to consider it a crime (as indeed it was) when the Germans bombed London.

Again, it was a crime for Germans and Japanese to starve and abuse prisoners in their camps. On the other hand, it was an act of great patriotic virtue, doubtless very pleasing to God, when our flyers murdered countless thousands of helpless non-combatants with the atomic bomb.

The rules of tribal morality are thus determined, not by the principles of laws of reason (or revelation), but by membership in the tribe.

That Nazis and Japanese militarists should live by the rules of tribal morality is not to be wondered at.

But were we not supposed to be fighting **against** Prussian militarism? How truthfully did Robert Maynard Hutchins speak of Hitler's conquest of America! We conquered his body; he conquered our soul.

No doubt, as the apologists of the atomic bomb affirm, the principles of atomic energy can be used for good. In fact they have already been used for good; Almighty God has been using them for good these countless centuries. President Truman said that the atomic bomb harnesses the basic energy of the universe. Of course the scientists who discovered this energy did not put it there. God put it there in the beginning. Sometimes we forget this. So great is the childish pride of scientists at their discoveries that it almost seems as if they had created, at least in their own opinion, the energies of nature, and had not merely discovered what had been present in the universe for uncounted aeons, silently working for man's benefit and God's glory. The discoveries of scientists are much more a witness of the wisdom of God than their own wisdom.

And to His goodness and love. When you think of the immense energies of the atomic bomb, remember too that these energies have been here from the beginning of the world and have been used by God to sustain our life on earth.

But "My ways are not your ways, and your thoughts are not My thoughts," God says to us. Never was this truth clearer than now. That power which God, out of love, has been using all these ages in secret beneficence, man uses, even in his very act of discovery, out of hatred, to destroy. In truth, Lord, our ways are not Your ways! And oh, unhappy we, that they are not! What a revelation of the goodness of God! What a revelation in the iniquity of man! One thinks of those terrible words of the Gospel concerning man—still true in spite of all the oceans of grace that have meanwhile flooded our world: "But Jesus did not trust Himself to them, in that He knew all men, and because He had no need that anyone should bear witness concerning man, for He Himself knew what was in man." **(Jo. 2, 24-25).**

LIFE OF CHRIST

Jesus the Nazarite

(Continued from last week)

Miryam, once accustomed to the quiet village life, no longer cared for the bustle and noise of the great country of Judea, and after learning of the many troubles and difficulties heaped upon Elizabeth was thankful to share her lot in company with the lower class in an humble home of rural thriftiness. She had every reason to be happy, as Yousef paid her more than the average husband's attention and provided every comfort her heart could desire, while her child developed a disposition which would oftimes cause her to marvel.

Miryam justly bore her head in pride in consideration of the honor bestowed upon her by many friends who learned to love and appreciate her company. They frequently came from miles around to seek her advice on many subjects upon which she had become thoroly conversant because of her education in the Temple and the private instructions received from advanced teachers.

Miryam guarded her boy with the most zealuos care of a mother, and were it not for the anxiety entertained for the safety of Elizabeth she would have considered herself the happiest of women. She felt the safety of her own child endangered, and only the assurance of Father Eliye could pacify her darkened hours of contemplation. He endeavored to direct her mind toward the brighter and more cheerful side of life, encouraging her that she might have greater energies to encounter all the difficulties and harships to be met within the future.

With all this Miryam felt the guiding hand above her which she knew would protect her, as it does those who put their trust in Him, for was it not known that He had not forsaken Israel?

Altho Bethlehem was by no means to be compared with the City of David, yet Miryam felt more secure than her Aunt Elizabeth who resided in the lowlands of Judea. How she longed to see Elizabeth again! how often she called to mind the many happy hours spent while in her company contemplating the wonderful future in store for them and the glorious missions they had been called upon to undertake!

Herod, the Great, whose rule over Judea depended upon the grace and favor of Rome, and who was hated by Jew and Gentile alike, had all reason to think his position endangered. Himself engaged in the basest of intrigues he knew only too well the chicanery that was apt to be played upon him, and was ready to suppress any movement he might consider a menace to his throne, not even shrinking from the shedding of blood whenever such might be necessary for his peace of mind and possible self-preservation.

To the priests, who were ever ready to assist in devising means of cruelty to further his ends, Herod promised a return of favors by covering up their tracks of infamy and crime. The priests depended upon Herod for aid in the destruction of Zacharias, and only by diplomatic manipulations was it possible for Gheber-Eliye to deter the King from staining his hands with innocent blood.

But the priests were not slow in fanning the flame of jealousy and anger. They entreated Herod to allow them soldiers to aid in their murderous ends, should they deem such steps advisable.

Herod became uneasy from day to day and suspicioned a probable connection of Zacharias and his mysterious child with the now recognized secret movement, the mystery of which was left to Father Eliye to unravel.

The King had all confidence in his new adviser, who proved himself of inestimable value upon serveral occasions which assured to Herod many gifts from the splendor of Rome. For this reason Herod promised no harm should come to Zacharias, whom Gheber-Eliye claimed to use as an instrument thru which to secure information of the greatly-feared secret movement.

Herod would make concessions to the priests on the spur of the impule which he would generally regret when too late to be recalled.. The priests were anxious for their revenge upon Zacharias, whose very presence seemed to spoil their plans, and when all the traps they had laid for him and his nearly two-year-old boy had failed they began to resort to foul play.

The priests had concluded their manipulations so well that politicians bowed in humble submission and assented to any suggestion offered by their caste. The money-changers, who controlled the banking system of those remote days, were wholly dependent upon the dictations from the church. Fluctuations of the market were controlled by the priest-caste, who were given to speculation as were politicians to gambling. Exempt from honest labor, both priest and politician used the idle time at their command in carefully exploiting schemes of servitude. The priests planned to make the politicians dependent upon their dictations. Under the pretense of divine succession and special commissions from heaven, the priest-caste claimed their ends justified by every means, tho considered criminal if employed by any other class.

Not satisfied with controlling both heart and mind, the priestcraft determined to govern the daily walks of life as well. To them everything was for use to gain their desired ends, however selfish and despicable. Under the ban of self-hypnosis they clung to the theomanical belief that they held the affairs of a Diety within their grasp, which neither the gods of heaven nor the powers of nature dared wrest from them.

Such a trend of thot governed the people, in which those in authority, other than the priestcraft, were compelled to share for the safety of their positions. No wonder Zacharias took precautions whenever attending to his services.

To assure the child's safety Zacharias would have him brought to the Temple while engaged in service, feeling certain no evil would befall him there, altho many unpleasant occurances arising after the services led to the conclusion that the priests were at work to harm the child.

After his usual exhortation, and at the moment Zacharias turned his face towards the altar, the steps of which he was about to ascend, a small number of hired soldiers emerged from behind the pillars of the Temple and laid violent hands on him, while the congregation in their frenzy fought for the open court, pursued by the other soldiers seeking to gain possesion of the boy, and who in their fury tore all the little ones from the arms of the resisting parents who had come to offer sacrifice for their young in accordance with the ceremonial law.

When the melee had subsided, Zacharias lay dead in a pool of blood before the altar of the Most High. (To be continued)

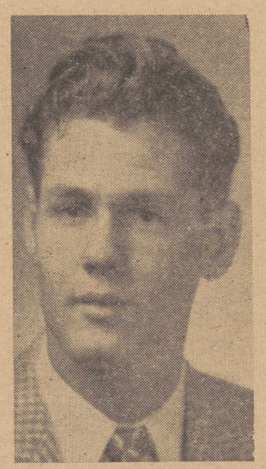
The Conscientious Objector

Jesus Christ, an Idealistic Fool ?

By C. Leon de Aryan

"Where have you been, Mr. de Aryan," asked Jack as I called at his office last week in the course of my routine visits and interviews, fishing for up-to-date news.



DAVID L. de ARYAN

"It's a long time", said he, "since I had a talk with you. I have a bone to pick and have been waiting to see you".

So I took a chair beside his desk, stretched my long legs out comfortably for a rest after the morning's run and listened encouragingly. "Go ahead, Jack let's hear what you've got."

"You know, de Aryan, I have always taken the attitude that your work on the main was constructive in this community even though many a time I did not agree with you. I and my friends have been supporting you and spoken well and in favor. But you have recently done yourself and your boy a great deal of harm by publishing that letter he wrote to Gen. Hershey as a conscientious objector, demanding to be paid for his work with the U. S. Forrestry Department and threatening to go to court for it. I want to warn you that this sort of thing is destroying all the good work you have been doing in this community and you are losing your friends."

"Well, Jack, thanks for your good intentions in telling me this, but you see, I cannot be influenced by your limitations. I see a good deal farther than you and your friends do and what I and my boy are doing is by far more valuable to the security of the Republic than all the so-called patriotic work you and your friends indulge in. I represent a principle which rules supreme, your horizon is limited to your tribal morality which is no morality at all."

"Now, understand, de Aryan, I am speaking to you to get this off my chest. Once you know it you might be guided in your actions accordingly, because if you continue as you have expressed yourself in publishing your boys letters, then I will have to follow my principles and fight you."

"Jack, you know I am not catering to the galleries. You and your friends can no more influence or change my course than Roosevelt, the Jews, the British, the Communists and Newdealers could. I've been fighting them off nicely and if you chose to join my enemies, a few more or less make no difference to me. I'll follow Principle as I always did, come hell and high water and we shall see what the outcome is."

"I am sorry, de Aryan, but I have no use for martyrs. I think the Christian martyrs wasted their lives in futility. They accomplished nothing."

"If you refer to the fact that in spite of their example the world still worships Mammon and Murder, it might appear that your view is correct. But if you will notice the thousands and hundreds of thousands of conscientious objectors in Germany, France, England and the U. S. A. who went thru the hell of Buchenwald, Dachau and French, British and American penitentiaries rather than betray their God to your tribal morality, then humanity has made quite a progress in the last 2000 years.

"But de Aryan, you are trying to destroy the very instinct of selfpreservation which is millions of years old. The scriptural injunction of turning the other cheek is nonsense. When a man and his family are attacked, he must defend himself and his family."

"That's exactly what my boy and I are doing. You know this war is not a war to defend the U. S. against foreign enemies but a war to put us into bondage to the International Usurers and their ilk."

"Granted that, de Aryan, but once attacked should we not defend ourselves? If your boy refuses to kill because of religious scruples, he, then, should have offered to do some other useful work, like some of the boys of our friends who have been supporting your work. He could have helped the hospital corps, the Red Cross, he could have served as stretcher bearer, guinea pig, and such things."

"Your sense of Right and Wrong needs adjusting, Jack. My boy does not merely refrain from killing but he also refuses to become an accessory to such crimes. You propose that he serve the armed forces in some other capacity, but he is patriotic enough to refuse to help in any shape or form anyone who is out to destroy the Republic, since you granted the fact that this is not a war of defense but a war to bond the people in the U. S. and reduce them to the level of British economic and political conditions. What good have we done in Europe? First we built up and financed Hitler to destroy the German Republic, then we went to war on him and made a shambles of Europe because the people had become Hitler's slaves with our help and money. Are we defending anybody's liberty and rights that way? My boy refuses to be a party to this treacherous foreign policy, especially since you admit that all America is getting out of it is more bondage, more burocracy and loss of the liberties the Founding Fathers gave us."

"But your boy and you are just 2. What can you 2 accomplish against the world? It's nonsense. All you do is destroy the forces of cohesion that protect society against attack. He should be doing something useful for the country that feeds him. If there were a million like he and you society would be wrecked."

"If there were a million de Aryans society would not be wrecked, but the millenium would be here. My boy and I follow the most constructive and protective Principle. We are builders, you and your friends are killers and destroyers. Your tribal morality says that regardless of what crimes you commit, if somebody attacks you for it, all must stick together, as you do after you financed Hitler to make war on Europe and the Japs to make war on China and ourselves. My boy and I do not encourage and finance aggressors, we are Christians, we don't think that martyrdom is foolish, we obey the Christ. He enjoins us to rather suffer martyrdom for Righteousness' sake than serve Satan. Your faith is in Murder, ours is in God. You serve expediency and therefore your efforts help enslave all of us to the Newdealers, the Usurers and Aliens who are taking over this country as they took over Europe and made a shambles of it. I am sorry for you and your friends. Those who stand with Christ and the Truth will redouble their efforts to help me win out in my fight for the abolition of involuntary slavery. The 13th ammendment is being set aside when my boy is forced to work in a slave labor camp. We financed Hitler to introduce slave labor, and then used his crimes as an excuse to enslave all of Europe to the Communists and even destroy our own Constitution by making slaves of Americans who dare follow the Christ. To you the Christ might be an utopian fool and idealist, to us He is the Son of God and our Leader. If that means that you and your friends are now going to fight me that I may not re-affirm the 13th amendment which you, too, have sworn to uphold. then believe me, I am going to give you the fight of your life and holler for help from those who know that once slave labor is legally established in this country, soon no man will be safe and Europe's slave labor camps will blanket America, too. If that's the kind of American patriot you are, that's your funeral, not mine, not my boy's. At first I was going to let him fight his own court battles. Now that you challenged me and in effect threatened me if I serve God and my Conscience, I am going to make doubly sure that I don't cater to your tribal morality and shall enter court myself in behalf of the 13th ammendment!"

"Well, de Aryan, we have been friends and I meant to let you know how we felt."

Pelition For Amenesty For Political Prisoners

WASHINGTON,—A delegation called upon Attorney Gen. Tom Clark with a request for amnesty for over 5,000 conscientious objectors who have been sentenced to Federal prison for violations of sections of the Selective Training and Service Act which conflicted with their religious, humanitarian, or political convictions.

The delegation's recommendations in view of the ending of hostilities, included a request that President Truman be urged to issue a general amnesty covering conscientious objectors now held and that, pending the granting of an amnesty, these men be immediately paroled.

The delegation consisted of Norman Thomas, chairman of the Post War World Council; Rev. A. J. Muste, secretary of the Fellowship of Reconciliation; Hayden Covington, counsel for the Jehova's Witnesses; and Frieda L. Lazarus, vice-chairman of the War Resisters League and chairman of its Conscientious Objectors' Problems Committee.

Harry Truman, Jew or Christian ?

Dear Mr. President:

For your better understanding of the urgency of this plea for the healing of broken family ties may I remind you that like yourself, I have also have a dearly beloved mother. But she happens to live in Germany and is in great mental anxiety about me, her child, even as I am greatly worried about her. The war was over five months ago and as yet my mother and I are not able to correspond.

Time flies and Christmas, the day of brotherly love, is almost at hand. Mr. President, you love and honor your mother, as millions of German-Americans, including myself, love and honor their mothers and fathers and they all fervently hope for the restoration of mail service to their homeland as soon as possible.

Mr. President, I humbly entreat you to do all in your power to grant our heart's desire. Our people need even in this very hour our wholehearted support. Give us also the assurance that we still live in a great Christian country, that is so bountifully blessed from above.

It is my unbound duty to do everything in my power to help and comfort my mother in these dark days. I am hoping, Mr. President, that with your help I will be able to do my Christian duty toward my mother,— helping her to celebrate in the Christmas spirit.

"Good will toward men."

Mr. President, I am not asking for myself alone but also for the many other German-Americans who feel as I do. My vocation brings me in daily contact with hundreds of German-Americans, whose mothers and fathers also live in Germany these anxious times.

In concluding, Mr. President, please do not let the many other German-Americans, including myself, doubt the much-sung generosity of this great country and please open the mails to Germany as a Christmas gift to your fellow citizens.

Thanking you, I remain,

Respectfully yours, MRS. INE BRAND

Dear Kosti:

I enclose an article by a friend who wishes not to be known, as he knows the resentment of the Jews. It seems fair and candid as an article.

Morgenthau and his ilk had a soul-feast for a while in hatred of Germany and its people. I suspect Truman knows that millions in America are resentful of the ardor against Germany. Comparison of the way the North combatted slavery in the South in antebellum days, and since, might furnish a strong article from your fertile pen. Much chuckling over enslaving of Germans, here and elsewhere. They won't forget. Think it over. You are capable.

Yours, — —E. C.

Most of the anti-Communists in Eastern Europe will have been liquidated by the time the so-called free elections come off.

Returning "GI's" Liked The German People

N. Y. Times' Headline: "Pro-German Attitude Grows As U. S. Troops Fraternize

NEW YORK (Special), Oct., 1,—On Saturday the great N. Y. "Times" carried a startling front-page headline: **"Pro-German Attitude Grows As U. S. Troops Fraternize.—Survey Shows Many GI's Have Less Regard for Allies Than for Former Enemies—One Major Doubts Dachau Crimes."** And over a column of comment by its correspondents, Tania Long, from Frankfort on the Main, Germany.

Immediately after reading this startling article, I ran across a group of **returning "GI's"—colored men from the deep South,** and was surprised at their conservation. A tall, handsome, clean-cut soldier from Savannah, Ga., and as black as the ace of spades, voiced the opinion of the group:

"We've been overseas nearly two years. We trained in England, then went into France with the invasion forces; spent sometime in France, in bloody fighting and across Luxembourg, into Germany, where we spent some months before and after 'V-E' day."

Then came the dynamite: "WE LIKED GERMANY BETTER THAN ANY COUNTRY WE WERE IN. It was much more like America; and the people were hospitable and friendly—more so than most people, although we liked England very well. We also liked Luxembourg."

During the day I interviewed a **dozen returning white GI's,** and every one—**even a Jew or two—spoke well of the German people.** Their reactions were almost identical with that of the Negro soldiers. (The city is full of vets from Europe,—you can tell them by their 'used' uniforms and their heavy boot-like shoes, into which their trouser bottoms are stuffed also by their ribbons and badges of service, including the purple heart.)

It all brings back to me memories of 1919; then the returning vets said, **"When we got into Germany, we found we had been fighting our own kind of people, and didn't know it."**

OCCUPATION'S IRON DESPOTISM

The New York Times on September 26 (Wed.) —in its very final edition only— carried a transcript of its radio summary of the text of the **"Allied Proclamation on Control of Germany,"** perhaps the most remarkable document of the entire war. It covered nearly a whole page. Most papers played it down or ignored it.

It is supposed to be the joint effort of the representatives of Russia, Britain, France and the United States. It is the opposite of the Declaration of Independence: **"Enemies in War, in Peace Friends."**

This document was doubtless written by the Russians and American **Hatriots. It reduces the German people to the most oppressive despotism imaginable.** It is a revenge peace: treating innocent Germans as the worst Nazis treated Jews.

Here are just a few of its provisions:

No German property is safe; it may be confiscated, or requisitioned without compensation.

No German is safe; he must stand or move as he is ordered.

It is a crime to be a "National Socialist," an honor to be a "Communist."

Freedom of speech is forbidden.

You are punished for your political opinions OF THE PAST. If you were a member of Hitler's New Deal Party, you cannot hold office or conduct your ordinary business today, but must give up your property, if requested, and, in all events, must be only a day laborer.

YOU CANNOT LEAVE THE COUNTRY—without permission, and permission must not be expected. THOSE GERMANS LIVING OUTSIDE GERMANY MUST COME HOME (TO SLAVERY).

TRUMAN'S AMAZING ORDER

On top of this harsh and un-Christian tyranny (which will shock the overseas GI's) came four days later President Truman's despotic order to Eisenhower (in effect): **"Get those Jews out of the detention camps; throw Germans out of their homes and turn the homes over to the Jews".** Most of the interned Jews are foreigners—originally from Poland, Rumania, Russia, etc. Many of them are suffering from communicable diseases and need hospitalization.

Certain members of Congress and the Senate will demand that more time be given for radio broadcasts by members of Congress. Keen observers in Washington insist that the radio chains have surrendered almost completely to commercialism and frothy entertainment, having no value during the period of postwar reconstruction.

Russia's Actions and Attitudes Cause Grave Distrust; But They Are Just What Our Patriots Predicted

By WASHINGTON ADAMS

WASHINGTON (Special), Oct.,1,—International uneasiness and deepening of gloom pervade the governmental circles of England and America. Russia is the disturbing factor.

Just why Washington and London should not have seen years ago what this writer and the true patriots were seeing and preaching all along is a mystery.

My readers will recall that I wrote, shortly after starting this column, that England would peer across the channel and look on a continent dominated by Russia and red socialism.

The professors on the Chicago Round Table spoke recently on the subject of America as an island of free enterprise soon to be surrounded by an ocean of socialism.

Dictator Stalin in Berlin' with the "Big Three" is said to have drunk so heavily celebrating England's "socialist" victory that he was incapacitated for two days.

Now—surprise of all surprises—Little Red Ridinghood of English Socialism has become fearful of the big black bear she took for a partner.

The London "Daily Herald", organ of the British Labor party, asserted on Sept., 26 that "THE WORLD IS HEADING WITH ITS EYES OPEN FOR ANOTHER WAR."

The Herald said the Council of Ministers meeting in London "has been dominated throughout by power politics, by suspicions, and ambitions" and that the **Atlantic and San Francisco charters "SEEM ALREADY TO HAVE BEEN FORGOTTEN."**

Commenting that there is little to distinguish the spirit of international relations today from that of 1919, The Herald said **"the peace has begun very badly indeed."**

ARE WE ON OUR WAY OUT ?

This writer and this fighting newspaper have long been trying to awaken the American people to the danger of disaster which the New Deal despotism has been cooking up for this nation.

Franklin Roosevelt, with speeches written for him (not by his usual ghost-writer Rosenman), **PROMISED TO FOLLOW THE OLD PATHS OF RIGHT-WING HONESTY, economy, a balanced budget and a business administration.** Enough people believed him to elect him President.

The Hyde Park business failure became a political success, surrounded himself with **pro-communists,** and quickly violated every right-wing promise that he and his platform had made to the people. **They became the greatest promise breakers in history.**

They substituted demagoguery for statesmanship, wild spending for a balanced budget, closed and ruined about 2,000 banks, planned and engineered a world war, and in the long run did more injury to our country than all other Presidents put together.

Did the elevation of Truman to the Presidency stop the republic's march down the road to ruin? Only temporarily—if at all. Mr. Truman has shown as great an **ignorance of economic laws and foreign policies** as Roosevelt himself; he, also, like Roosevelt, believes in personal government and that the president is the "ruler" and not the servant of the nation!

Great men, both here and abroad, are now coming to believes what I suspected and feared in 1944, that the New Deal had and has us **"on the road to ruin"**—unless quickly halted. As early as 1937 I wrote the "New Deal epoch" will be known in history as the **"period of the great stupidity."** Although I was writing then of its economic aspects, I am convinced that its foreign policy is equally evil, and would "disgrace hell in its palmiest days."

From across our border, in Canada, a great Toronto newspaper, the **"Globe and Empire,"** has watched with pain our descent toward Avernus and summed up its impressions as follows:

"We believe the richest country the world has known is headed for New Deal catastrophe, if a halt is not called at once; that its people, and there are none finer, are being brought down to a shameful misery by the most colossal stupidity that political insanity has yet devised for its self-perpetuating ends. "

The "Globe and Empire" wisely sees that by such unexampled extravagance and waste, giving away our national wealth, conspiring with labor racketeers to socialtize the nation, we shall go down, as Germany did in the 'twenties, under an inflation flood.

STUPID FOREIGN POLICY

Every American patriot should read frequently **Washington's Farewell Address, as refreshment for his patriotism.** He will see that the New Deal oligarchy has violated every warning that Washington made and every tenet of republican government that he espoused.

I quote today only briefly therefrom, and will elaborate another time.

Washington said:

".... nothing is more essential than that permanent, inveterate antipathies against particular nations and passionate attachments for others should be excluded;—and that in place of them just and amicable feelings towards all should be cultivated.

"The nation, which indulges toward another an habitual hatred, or an habitual fondness, is in some degree a slave.—It is a slave to its animosity or its affection, either of which is sufficient to lead it astray from its duty and its interests.....

"THERE CAN BE NO GREATER ERROR THAN TO EXPECT, OR CALCULATE UPON, REAL FAVORS FROM NATION TO NATION."

I close with a quotation from Constantine Brown's syndicated article, appearing in several hundred American newspapers:

" Uncle Sam has become a Santa Claus, but is not being recognized as such by any of the recipients of his good deeds. **America has provided the bulk of the hundreds of millions now being spent by the UNRRA, but nowhere is there a sign of recognition for its munificence. The contrary is true.** In Poland and in Yugoslavia, to which millions of dollars worth of American food and manufactured materials have been sent, **the distributing authorities headed by RUSSIANS are not even permitting the people to know the origin of these products....**

"In Poland, most of our donated goods find their way into the black market."

Sedition Trial Attorney Sues Biddle and Four

CHARGES CONSPIRACY; ASKS A MILLION

WASHINGTON, D. C.,—A million dollar damage suit growing out of the government's mass sedition case was filed in the District of Columbia federal court by James J. Laughlin, counsel for several of the alleged seditionists. The five defendants include former Atty. Gen. Biddle and Samuel I. Rosenman, advisor and ghost writer for the late President Roosevelt.

They are charged with having conspired to bring false charges of alibi fixing in another case against Laughlin as a result of his efforts in behalf of his clients in the sedition case.

In his suit Laughlin asserted that his vigorous defense against the sedition indictments angered Mr. Roosevelt and that it was after "a conversation between the late President and Rosenman" that the administration sought "to concoct a criminal charge against the plaintiff."

ROGGE, BENNETT NAMED

Others named defendants are: O. John Rogge, special prosecutor in the sedition case; James V. Bennett, director of the federal bureau of prisons; and Joseph W. Sanford, warden of the federal penitentiary at Antlanta, Ga. Damages of 200,000 from each of the five are asked.

REPRISAL SCHEME CHARGED

Laughlin, who at one time sought to have Justice Eicher impeached, alleges that the Roosevelt administration's reprisal against him took the form of a charge that he had conspired with unnamed inmates of a Florida prison to arrange a false alibi for a client in a criminal case in 1942. He noted in his suit that the government did not name any of the others he was supposed to have dealt with in the alleged conspiracy.

He said Biddle set the machinery in motion for this prosecution with the knowledge of Rosenman and Rogge, directing agents of the federal bureau of investigation to interview convicts in federal prisons, including the Atlanta penitentiary. The convicts were promised reduced sentences if they testified against him, Laughlin charged.

As a result of allegedly false testimony of some of these men before a grand jury in the Maryland federal District court in Baltimore, the suit recites, Laughlin was indicted June 2, 1944. But, the complaint added, when he was brought to trial on Sept. 22, 1944, he was acquitted within a few minutes.

Dear Sir:

Please send me a subscription to The Broom beginning Aug. 6, 1945, also send me 5 copies of July 23 and 5 copies of July 30. A friend sent me a copy of Aug. 20, was so pleased to see we have men fearless enough to print the truth. Also please send me 5 copies of July 16. I am working hard to get you more subscriptions as I am passing your paper around to all my friends who are also passing them on. May God bless your good work. I am enclosing check for $5 including postage.

Yours truly, — — Mrs. C. B.

Intelligent observers here believe that although England may have difficulty in paying her Lend-Lease debt to us in money, she could very well help to replenish our supply of oil, precious ore, lumber, etc., which we have used in her behalf to a dangerous point.

Washington Aghast at Truman

By MADISON MONROE

WASHINGTON,—It would be expressing it very mildly to say that many on Capitol Hill and eslewhere are simply aghast at President Truman's latest pronunciamento not only regarding the forcing of Jews upon the people of Germany, but particularly at increasing the refugee quota for this country.

His severest critics say that this is the "pay off. Up to now," they say, "we have been in a state of doubt about this man who became president thru an accident. He has unquestionably done some splendid things since succeeding to the presidential chair but, like the cow that gave a bucket of milk and then kicked it over, he seems finally to have been taken in by the same sinister forces that led us into a tragic and devastating war."

"Well, I'm not surprised," said one commentator. "After all we must remember that water can't rise above its source. There can be no doubt that Truman was 'cleared with Sidney'. It is not for nothing that Rosenman was retained as side kick or that Ben Cohen has been put into the Department of State."

Even Truman's friends are at loss to account for this evidence that he not only intends to follow the New Deal, but even outdo in effrontery the policy of his predecessor in wishing to meddle in the affairs of Europe and elsewhere.

This, it is generally contended, is the line of demarkation between good policy and bad. Either we are going to subordinate our own interests to those of the people of Europe or vice versa. The sound principle of America requires that we set our own house in order before we tell the rest of the world how to arrange their daily life, especially after they have been disarmed and are no longer a menace to our security.

Truman's policy, as just announced, of forcing the Jews into the homes of helpless Germans is as crude a bit of nonsense as it is possible to conceive. It will help nobody—least of all the Jews. It will solve no problem, but rather will it complicate a problem already grave. To bring a horde of incompetent refugees over here, at the present time, whether Jews or Gentiles, is almost as bad.

This is certainly not the solid middlewestern Truman making decisions which, in the last analysis are none of his business, but rather the Truman that seems rapidly succumbing to the blighting influence of New York, from which we thought we had escaped.

Whence the power for Truman to make such arbitrary rulings? If the Jews can be empowered to break up German homes, the next step is to allow them to take German lives at will. And all in the name of peace! Think again, Mr. Truman! Think again!

LONDON,—The Bretton Woods plan has been described by the Duke of Bedford, one of Great Britain's wealthiest men, as "a most impudent attempt by the worst type of Wall Street financier to secure financial domination of the world." The Duke, author of "Poverty and Taxation," declared that "the financiers who hatched this scheme suggested the establishment of a gang of their own representatives who would be above every government of the world including our own."

A RUTHLESS DEGREE OF RUIN AGAINST AMERICA AND YOU

INTERNATIOAL COMMUNISM has issued a ruthless decree of ruin against America and you, and is actually executing its edict in our midst, subtly, insiduously and effectively. This decree is boldly unmasked in

AMERICANS' CASTLE OF FREEDOM UNDER BOLSHEVIK FIRE ON OUR HOME FRONT

by Attorney Jeremiah Stokes. It is a scholarly compilation of original facts from authenticated records and documents. It is fully documented. It is the last word on Communism. And it defies refutation.

England and several other countries are already in the clutches of Communism.

If America, the Constitution, the Republic, the people's freedom, their homes, property, family relationship, churches, schools, institutions, system of jurisprudence and Christian civilization are to be saved from this atheistic, barbarous and tyrannous evil the people must quickly know the truth about its aims, doctrines, plot, program, tactics and activities. AMERICA'S CASTLE OF FREEDOM bares all this to the taproots.

This work is highly praised by leaders in the crusade to save America.
